

Dear guests,

we would like to welcome you to the building of the former mill whose history dates back to the 18th century. Its historical significance is best illustrated by the fact that it is referred to as building no. 1.

Such tradition is a commitment to us and we do our best to honour it by providing superior hospitality services. Our staff are always friendly and helpful, our rooms have been renovated in a stylish manner and the genius loci of the place is enhanced by its surroundings as it is located in front of the gates to one of the most fascinating rock towns in Europe. Moreover, we are open all year round. In summer months it is possible to roam the area on our electric bikes while in winter you can use the cross-country skiing trail located "just round the corner" or head to the nearby Kamenec Ski Resort in Teplice and Metují.

It is a matter of course for us to provide our guests with various options to relax both actively and passively. Upon your return from the rock towns or the monumental monastery in nearby Broumov, your only worry will be to choose whether you would prefer to have a sauna, play billiards, go to the gym or just make yourself comfortable in one of the chairs by the tiled stove and contemplate in peace. It is our wish that you should feel cosy and welcome at all times.

While the local beauties may be enough to nourish your mind, we do realize that nourishing your body is no less important. Our seasonal menu will certainly satisfy your appetite. As stated above, tradition is of utmost importance to us. We therefore offer various delicacies of Czech cuisine including a number of local specialties while using mostly local ingredients chosen with maximum care.

We believe you will love your stay in Adršpach and will gladly return to us in the future. We wish you an enjoyable stay and wonderful culinary experiences.
